

Descriptive Wireframe Document – Lab 7

Rationale:

The major issues with the existing page are inconsistent fonts, sizes, capitalizations, alignments, and underlines for the text; inconsistent alignments for the boxes and images, and an inconsistent wrapper. My modifications to the text of the site establish a consistent font, consistent sizes, consistent alignment, and consistent capitalization. I do stray from this in some areas for the sake of contrast and special emphasis. I also have modified the site so that all the boxes are aligned with one another and the wrapper is consistent.

Item #1

Description: Header

Font: Arial 30px

Color: Black, Red, and Yellow

Alignment: Center

Media: Logo

Item #2

Description: Strudel Image

Item #3

Description: Closed For The Summer Text

Font: 30px Arial

Color: White

Alignment: Center

Item #4

Description: Oktoberfest 2012

Font: 30px Arial

Color: White

Alignment: Center

Media: Outdoor image

Item #5

Description: Info and links box

Font: 20px Arial

Color: White

Alignment: Left

Interactivity: Links

Item #6

Description: Reservation box

Font: 20px Arial

Color: White

Alignment: Center

Interactivity: Link

Item #7

Description: Menus

Font: 30px Arial and 20px Arial

Color: White

Alignment: Center

Interactivity: Links

Item #8

Media: Brathaus house
